

TAKE CONTROL OF YOUR FINANCES AFTER DIVORCE

Financial planning is about your life, not just your money.

Divorce is one of life's biggest changes, emotionally, practically, and financially. It can leave you feeling uncertain about the future, even if the decision itself was the right one.

At Quayside, we understand that this isn't just about splitting assets or updating paperwork. It's about rebuilding confidence, regaining control, and creating a financial plan that supports the next chapter of your life.

This guide focuses on three key financial areas to help you move forward with clarity rather than pressure.

1. Take Stock of Where You Are Now

After divorce, your financial position may look very different from before. Start by understanding what you now own, what you owe, and what income you have coming in.

This isn't about judging past decisions, it's about knowing your starting point so you can move forward with confidence.

2. Understand the Impact on Your Pensions

Pensions are often one of the most valuable assets affected by divorce, yet they're easy to overlook. Whether pensions have been shared, offset, or left unchanged, it's important to understand what this means for your future.

Reviewing your pension position now can help ensure your long-term plans still support the life you want to live.

3. Revisit Your Goals and Priorities

Life after divorce may look very different from what you once imagined, and that's okay.

Take time to think about what matters to you now, whether that's security, flexibility, family, or new opportunities. Your financial plan should support your life as it is today.

How Quayside Can Help

Quayside is a Gloucestershire-based financial planning firm with five experienced advisers who believe that financial planning is about your life, not just your money.

After divorce, many people feel unsure where to begin. We work collaboratively with our clients, taking on the majority of the financial organisation and analysis, while keeping you involved and informed throughout.

Our aim is to give you clarity, confidence, and peace of mind, helping you move forward into the next chapter of your life with a plan that truly supports you.

Ready to Take Control?

If you'd like support navigating your finances after divorce, we're here to help. A conversation with Quayside can give you clarity, reassurance, and a clear way forward.

The value of an investment with St. James's Place will be directly linked to the performance of the funds you select and the value can therefore go down as well as up. You may get back less than you invested.

Quayside Wealth Management Ltd is an Appointed Representative of and represents only St. James's Place Wealth Management plc (which is authorised and regulated by the Financial Conduct Authority) for the purpose of advising solely on the group's wealth management products and services, more details of which are set out on the group's website <https://www.sjp.co.uk/products>. The 'St. James's Place Partnership' and the titles 'Partner' and 'Partner Practice' are marketing terms used to describe St. James's Place representatives.
